This series is sponsored with a good will and hope that we can learn to say “we” again. Our responsibilities towards a common commitment to respect and love as a community and as a society. This is to bring a sense, a feeling of “belonging”. A scholar very eloquently describes it; *“we come to feel that we belong because we live that feeling, because we experience it”*

And we at the Batavia Islamic center want to live and share that “feeling” with you in the footsteps of the Prophet.
